Explore the Project Portal:

Within the project portal, you will find detailed 3D images, design insights, site-specific information, and other relevant data to provide a comprehensive understanding of the design proposal and its associated details. Simply scan this code with your smartphone camera and tap to open the link.

#### UNCHECKED DRAWING:

Important Note: This drawing has not undergone final markup and checks; therefore, discrepancies may occur. Noble Architecture disclaims all liabilities until the final drawings are issued, checked, and fully signed off.

Existing Conditions | Cross Section A - A

00 01 02 03 04 05

Printed Scale Factor | 1mm : 50mm

Scale Valid Only When Printed At : ISO 216 A1

#### HEIGHT BENCHMARK

Ground Floor Finished Floor Level

All height measurements on this drawing are measured from the existing ground floor finished floor level, which serves as the universal site datum benchmark, unless otherwise specified.

Existing Conditions | 3D Perspective

00 01 02 03 04 05

Printed Scale Factor | 1mm : 50mm

Scale Valid Only When Printed At : ISO 216 A1
